Contractor shall list all subcontractors, for PG&E approval, to be utilized for this Contract on PG&E's Exhibit 1-A, and list estimated and/or actual cost and description of work per each subcontractor. Contractor shall notify PG&E Representative listed on Page 2 of Contract or designee immediately for approval to utilize a subcontractor(s) not listed on their submitted PG&E Exhibit 1-A. Upon approval, Contractor shall submit a new Exhibit 1-A to PG&E Representative listed on Page 2 of Contract or designee to include said approved subcontractor(s).

### 3.0 PG&E RESPONSIBILITIES

PG&E shall provide or be responsible for the following:

- 3.1. Provide onsite contact for work.
- 3.2. Provide Contractor with direction where necessary.
- 3.3. Provide onsite supervision during Contractors work.
- 3.4. Provide exact work location(s), including any drawings, images, and/or maps as needed.
- 3.5. Provide clean soils report to Contractor prior to any soils off-hauling.

#### 4.0 SCHEDULE

Contractor shall NOT commence performance of Work until PG&E has reviewed and accepted Contractor supplied Programmatic Safety Plan (PSP). Upon acceptance of PSP by PG&E, Contractor shall be authorized to proceed as requested by PG&E and upon an executed Contract or PG&E's approval to proceed. Work shall be completed on or before

For the purposes of this CWA, the preferred work schedule is defined as Monday to Friday between 07:00 & 15:30 (excluding PG&E recognized holidays) working 5 – 8 hour days. Work may be required outside of normal business hours and will be as requested by the PG&E onsite work supervisor.

#### 5.0 ASSUMPTIONS

Contract scope and pricing has been established for the Work described herein under the following assumptions:

- 5.1. Work shall be performed during multiple mobilizations/demobilizations with Contractor's work being performed in a continuous and uninterrupted manner with exclusive use of the required work area. Contractor shall schedule mobilizations with the PG&E work supervisor.
- 5.2. Standby time outside of the control of Contractor is not covered in the scope or pricing of this work – "outside of control of contractor" shall be confirmed by onsite PG&E personnel prior to additional funds being added for standby time; a fully executed Contract Change Order will be required for the authorization of additional funds and the MSA prevailing rates shall govern any and all payments to the contractor.

#### 6.0 WORK PERFORMANCE / DETAILS & SPECIFICATIONS

All work shall be performed where directed by onsite PG&E personnel and in accordance with the requirements and specifications of the following documents (including all incorporations and references within) which have been agreed to by PG&E and contractor:

- 6.1. Master Service Agreement (MSA)

Contractor shall perform all Work as and where directed by PG&E Supervisor. However, this shall not negate Contractor's responsibility for the provision of trained equipment operators and the safe operation of subject equipment. Contractor has the right and expectation of PG&E to stop performance of Work in the event that Contractor is asked to operate equipment in an unsafe manner.

#### 7.0 PRICING & INVOICING

Pricing and invoicing for the Work described herein shall conform to rates in the current MSA which includes all labor and related expenses in accordance with you Master Service Agreement and shall be invoiced in accordance with contractor's accepted unit rates as incorporated within. Contractor shall be held responsible for any and all payments to PG&E approved subcontractors. All charges are on a portal to portal basis. Invoicing to be submitted by Contractor on a weekly basis and no later than 30 days after completion of Work. A copy of this CWA shall be submitted with the invoice.

This contract is for the total amount of \$1,000,000.00 (not to exceed MSA rates).

The final invoice shall be marked "FINAL" and must be received by PG&E within 60 calendar days after completion of the Work. PG&E will not be liable for payment of any late invoices that are received by PG&E beyond such 60-day period.

#### 8.0 CONTRACTOR ONSITE SAFETY REQUIREMENTS

This section contains general onsite safety requirements for an electrically energized facility. It is intended to capture main safety requirements and raise awareness thereof. Contractor shall not consider this section to be all encompassing of safety requirements but shall adhere to all requirements as detailed in you Master Service Agreement. In addition, should a conflict exist between this section and your Master Service Agreement, the Master Service Agreement shall prevail. Should a safety requirement detailed in this

*Pacific Gas and  
Electric Company*

section not be contained within your Master Service Agreement, whichever requirement is more stringent shall prevail.

#### 8.1 Contractor Qualifications

All contractors must ensure their employees are qualified, trained and pass a background check per the contractor's MSA.

#### 8.2 Site Safety Briefing

A site safety briefing shall be conducted by the PG&E site representative for each site prior to commencing work.

#### 8.3 Electrically Energized Facility

Work performed by Contractor is in an electrically energized facility, which warrants extreme caution while working around electrical equipment and power lines. Contractor shall take all precautions to protect its employees and subcontractors from contact with energized equipment and prevent damage to existing site facilities, lines, and property. Contractor shall not enter an electrically energized facility or begin working in an electrically energized line area without the continual presence of an authorized PG&E representative that shall observe all phases of Work.

#### 8.4 Personal Protective Equipment and Clothing

All persons shall wear safety glasses, hard hats and other personal protective equipment necessary to perform Work safely. Frontal eye protection and hard hats shall be worn at all times. Frontal eye protection includes either safety glasses or prescription eyewear and must meet ANSI Z87.1-1989 standard. All persons shall wear suitable clothing at all times to minimize danger when they are exposed to live electrical equipment or lines, moving machinery, hot surfaces or substances, potentially injurious substances, rough or sharp surfaces, open flames, explosions, etc. Rubber sole leather shoes shall be worn when entering PG&E powerhouses or switch yards.

#### 8.5 Fall Protection

Contractor shall provide and use Cal OSHA approved harnesses and lanyards, lifelines or other adequate protection as required when working in elevated positions.

#### 8.6 Clearances

Contractor shall perform Work within clearance points determined and tagged by the PG&E site representative. Upon arrival of Contractor onsite, PG&E will lock out/tag out the unit controls.

#### 8.7 Contractor Safety Program

Contractor represents and warrants that it will perform all applicable Work, and cause all Subcontractors to perform all applicable Work, in compliance with PG&E's Contractor Safety Program Standard Contract Requirements, as may be modified from time to time. The Contractor Safety Program Standard Contract Requirements can be located and downloaded at: [www.pge.com/contractorsafety](http://www.pge.com/contractorsafety) and are hereby incorporated by reference into this Contract. Contractor's failure to comply with the Contractor Safety Program Standard Contract Requirements shall be immediate grounds for termination for cause under this Contract. Notwithstanding the above, Contractor is the "controlling employer" as defined under Cal OSHA and will remain responsible for all fines and liability arising from violation of the Contractor Safety Program Standard Contract Requirements and applicable law."

#### 8.8 Tailboard Briefings

Contractor shall hold and participate in tailboard briefings given by the Contractor and PG&E Onsite Supervisor. Conduct a tailboard before performing a job to discuss tasks involved, hazards, and related safety precautions. Conduct a tailboard: once per shift, prior to performing work, after extended delays in activity, anytime the jobsite activities or crew members change. After the briefing, each crew member should be able to demonstrate knowledge of:

*Pacific Gas and  
Electric Company*

- 8.8.1 The work methods, procedures, and proper sequences for the job. This includes the task purpose, scope sequence, nature of work, review of procedures, work package documents, drawings, turn-over information, prerequisites, etc. that will be used to complete the task.
- 8.8.2 What he/she and the other members of the crew are to do including task assignments, identifying and understanding roles and responsibilities, qualifications, personal limitations, hand-offs, and the controlling authority.
- 8.8.3 The responsibilities and appropriate actions in emergency situations including emergency procedures and emergency contacts.
- 8.8.4 The potential or known hazards or trouble spots involved and the controls to mitigate the hazards including identification of safety hazards, work procedures involved, special precautions, control of energy sources including permits and clearances, and personal protective equipment (PPE) and utilization of Human Performance tools for each critical step relevant to risk with industrial, environmental, safety and operations.
- 8.8.5 What other work is going on in the area (e.g., PG&E, contractor, County, etc.).
- 8.8.6 If the job task or conditions change such that Contractor becomes aware of a hazard about which they have not received a tailboard briefing, they shall stop work and notify their supervisor and PG&E immediately.

#### **9.0 FLAME RESISTANT CLOTHING**

Contractor shall ensure that all Contractor personnel wear flame resistant clothing as defined by the American Society for Testing and Materials standard TM F1506-02a, "Standard Performance Specification for Textile Materials for Wearing Apparel for Use by Electrical Workers Exposed to Momentary Electric Arc and Related Thermal Hazards" under any of the following conditions:

- (i) The Contractor's personnel are subject to contact with energized circuit parts operating at more than 600 volts,
- (ii) The Contractor personnel's clothing could be ignited by flammable material in the work area that could be ignited by an electric arc, or
- (iii) The Contractor personnel's clothing could be ignited by molten metal or electric arcs from faulted conductors in the work area.

Contractor shall ensure that Contractor's personnel wear flame resistant clothing that has an arc rating greater than or equal to the available heat energy and ensure that personnel wear clothing that could not melt or ignite and continue to burn in the presence of electric arcs to which personnel could be exposed as required by the National Electric Safety Code (NESC-IEEE C2-2007). All garments shall have tags visible from the outside that clearly identifies the garment as Flame Resistant (FR) and clearly indicates the arc rating (HRC category) of the garment. All garments shall have a minimum rating of HRC 2.

All Contractor's personnel requiring access to PG&E Distribution or Transmission Line facilities, Substation facilities or PG&E Power Generation Facilities shall be required, at a minimum, to wear flame resistant clothing (long sleeve shirts, long pants or coverall as required) rated HRC 2 with a minimum rating of 8 cal/cm<sup>2</sup> for personal protection as required by the PG&E Arc Flash Hazard Control Procedure (SHC 237)

**End of Scope of Work**

**EXHIBIT 1****Subcontractor and Supplier Utilization Plan Instructions** Pub. 12/05/18

Prime Contractor/Supplier shall provide a signed Subcontractor and Supplier Utilization Plan (Exhibit 1A) prior to the performance of Work with a list of all Subcontractors and Suppliers. In the event of any change in subcontractors or suppliers, Prime Contractor/Supplier shall submit an updated and signed Subcontractor and Supplier Utilization Plan (Exhibit 1A) to PG&E prior to performance of the Work. Plan must be completed. Respond "N/A" if not applicable. See further instructions below.

**Prime Contractor/Supplier Information:**

Prime Contractor / Suppliers CPUC and Small Business Status

Indicate "yes" or "no" to indicate whether Prime Contractor / Supplier is CPUC Clearinghouse certified. If certified please provide the Verification Order Number (VON).

To find the VON Number, access:

- CPUC Clearinghouse Database:  
<https://sch.thesupplierclearinghouse.com/frontend/searchcertifieddirectory.asp>

Indicate "yes" or "no" to indicate whether Prime Contractor / Supplier is Small Business certified. If certified please provide the small business certification number.

To find out more about Small Business certification, access the following sites:

- California Department of General Services (DGS):  
<http://www.dgs.ca.gov/pd/Programs/OSDS.aspx>
- U.S. Small Business Administration (SBA): <https://www.sba.gov/contracting/getting-started-contractor/qualifying-small-business>

**Prime Contractor / Suppliers Estimated Amount to be Paid to All Subcontractors / Suppliers**

Provide the estimated dollar amount to be paid to all subcontractors for the duration of the contract term by the following categories: a) all subcontractors and suppliers b) small business certified suppliers only and c) CPLC certified businesses only. The estimated dollar amounts may be reflected in one or more categories.

If 100 percent of the work will be self-performed by the Prime Contractor/Supplier, indicate "0" for each category.

Refer to the links above to locate potential CPUC and Small Business-certified subcontractors and suppliers.

**1. Tier Level**

- 1.1. For most Services, lower tier subcontractors are not allowed below three sub-tiers. (Ex: Prime > Subcontractor 1 > Subcontractor 1.1 > Subcontractor 1.1.1).

## EXHIBIT 1

### Subcontractor and Supplier Utilization Plan Instructions

Pub. 12/05/18

- 1.2. Providers of Restricted Services are limited to second tier and may not subcontract the Work. Restricted Services currently includes Freight Haulers and Vegetation Management; however, this may be expanded to include others in the future. (Ex: Prime > Vegetation Management Subcontractor).
  - 1.3. A 3rd-party logistics provider or qualified freight broker may be utilized to directly subcontract the Work to Freight Haulers, however, Freight Haulers may not subcontract the Work to other Freight Haulers. (Ex: Prime > Qualified Freight Broker > Freight Hauler or Prime > Freight Hauler).
  - 1.4. Refer to the Allowable Tier Matrix for further detail.
2. Subcontractors / Suppliers
- 2.1. Provide the complete name of the Subcontractor or Supplier. Do not abbreviate - please spell out any acronyms.
  - 2.2. Subcontractors (Subs) are contractors that have been retained by a primary contractor, or any subcontractor at lower tiers, to provide services on behalf of PG&E.
    - 2.2.1. A - General Engineering Contractor: A contractor whose principal contracting business is in connection with fixed works requiring specialized engineering knowledge and skill.
    - 2.2.2. B - General Building Contractor: A contractor whose principal contracting business is in connection with any structure built, being built, or to be built, for the support, shelter, and enclosure.
    - 2.2.3. C - Specialty Contractor: A contractor whose operations as such are the performance of construction work requiring special skill and whose principal contracting business involves the use of specialized building trades or crafts.
    - 2.2.4. D - Restricted Services Providers include, but are not limited to, Freight Haulers and Vegetation Management Providers.
  - 2.3. Services for which Subcontractors and Suppliers shall be listed on the Exhibit 1A include, but are not limited to:
    - 2.3.1. Construction Services: All aspects of: constructing, fabricating, installing, erecting, maintaining, performing integrity digs on, and performing turnaround services on, pipelines, buildings, plants, and facilities of all types. Additionally, subcontractor team members who provide construction, general construction, heavy machinery, and other construction services will be included in this group of services.
    - 2.3.2. Industrial Service Vendors (ISV) are typically subcontracted for specializing in specific construction work scope such as hydrotesting and surveying.
    - 2.3.3. Professional and Consulting Services: Individuals who provide your company with specialized service, including but not restricted to lawyers, accountants and management consultants. Including, but not limited to environmental and land consultants, human health and risk assessment providers; other select professional services may be included, as needed.
    - 2.3.4. Niche Professional or Consulting Service: An organization that specializes or has a forte in a particular industry or field.
    - 2.3.5. Local Hire Suppliers: Select subcontractors with specific project geography support in facilitating local and/or union hiring.

**2.3.6. Restricted Services:** Freight Haulers (FH) are business entities operating commercial vehicle with a Gross Vehicle Weight Rating (GVWR) of 55,000 pounds or greater either for commercial or private use.

#### 3. Emergency Point of Contact

3.1 Please include the best point of contact and phone number for use in the event of an emergency.

#### 4. Contractor's License # and/or Motor Carrier Permit #

- 4.1. Provide the California Contractor's License Number of each Subcontractor or Supplier (if applicable) along with the type of License or Permit.
- 4.2. The MCP (Motor Carrier Permit) is issued to the motor carrier as evidence the carrier has registered their CA# with the DMV, as required by CVC (California Vehicle Code) Section 34620.
- 4.3. Provide the Expiration Date of the Subcontractor or Supplier's California Contractor's License or MCP.
- 4.4. Subcontractors and Suppliers may have both a California Contractor's License Number and a MCP. If this is the case, please include information for both.
- 4.5. Special Permit Requirements:
  - 4.5.1. Freight Haulers needing Special Permit for transferring atypical extra wide or heavy loads and/or hazardous or flammable materials. Applicable permit retention includes but not limited to below lists.
  - 4.5.2. Oversized Load - California Transportation Permit - Issued for movement of non-divisible (exceeding applicable length, width, height, or weight limit) loads, not circumventing California Vehicle Code requirements.
  - 4.5.3. Hazardous Material Load - Federal Motor Carrier Safety Administration (FMCSA) requires motor carriers to obtain a Hazardous Materials Safety Permit (HMSP) prior to transporting certain highly hazardous materials.
  - 4.5.4. Flammable Load - Every motor carrier who transports the following hazardous materials in California must have a hazardous materials transportation license (California Hazardous Material Transportation License) issued by California Highway Patrol.

#### 5. Description of Work to be Performed or Major Materials to be Supplied

- 5.1. Provide a description of the work to be performed or major materials to be supplied by the Subcontractor or Supplier.

#### 6. Is excavation to be performed?

## PG&amp;E Allowable Subcontractor / Supplier Tier Matrix

*Pacific Gas and  
Electric Company*

LEGEND	
	Allowed
	Not Allowed

## NOTES

- Subcontractors and Suppliers limited to three tiers – no lower level tier Subcontractors and Suppliers are allowed.
- Contract terms must be flowed-down to Subcontractors and Suppliers, as applicable per MSA terms. PG&E must be formally notified of all Subcontractors and Suppliers being utilized.
- Providers of Restricted Services are limited to first tier and may not subcontract the Work. Restricted Services currently includes Freight Haulers, however, this may be expanded to include others in the future. Prime Contractor may utilize an ISV or broker to engage multiple Freight Haulers.

**Electronic Record and Signature Disclosure**

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, PG&E (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact PG&E:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: [pcpc@pge.com](mailto:pcpc@pge.com)

**To advise PG&E of your new e-mail address**

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at [pcpc@pge.com](mailto:pcpc@pge.com) and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

**To request paper copies from PG&E**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to [pcpc@pge.com](mailto:pcpc@pge.com) and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

**To withdraw your consent with PG&E**

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to [pcpc@pge.com](mailto:pcpc@pge.com) and in the body of such request you must state your e-mail, full name, US Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

**Required hardware and software**

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	<ul style="list-style-type: none"><li>•Allow per session cookies</li><li>•Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection</li></ul>

**\*\* These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.**

**Acknowledging your access and consent to receive materials electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and
- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and
- Until or unless I notify PG&E as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by PG&E during the course of my relationship with you.
